

MORaine PARK

ECONOMIC AND WORKFORCE DEVELOPMENT

PERFORMANCE-MINDED BUSINESS SOLUTIONS

Overview:

Moraine Park is helping combat the skilled worker shortage through a series of short-term boot camps in the Manufacturing Skills Academies. The General Production Assembly boot camp is open to anyone with an interest in a career pathway in the manufacturing field.

This boot camp is designed to give you the educational training and experience you need in an accelerated 15-day format.

At the end of this boot camp, employers from local businesses will be on site to provide interviews to those who successfully complete the training program. All of these activities are designed to help you secure a permanent job in manufacturing.

You will learn to:

- Utilize general manufacturing tools safely and effectively
- Read work instructions and assemble components
- Gain an understanding of work expectations in a manufacturing environment
- Work in a small cohort group to practice team work concepts
- Develop the communication skills our employers are looking for
- Interview and perform job searches

Attend a FREE information session. Visit us online to register for one of the upcoming boot camp information sessions at: morainepark.edu/bootcamp

Information sessions will be held on Moraine Park Technical College's Fond du Lac campus. Each session will include: program requirements, business partner information, career opportunities and a lab tour.

Production Assembler courses and academic credits:

Math Review for Business/Industry	.45
Career Development	1
Interpersonal Skills for Manufacturing	1
Lean Manufacturing Principles	1

- Local job centers and TAA-Trade Adjustment Assistance Program

*All fees listed are 2014-2015 fees. At press time, new fees had not been set due to the status of the Wisconsin state budget. 2015-2016 fees will be available at morainepark.edu as soon as they are approved.

JOB OPPORTUNITIES

Production Assembly jobs are in high demand! Over 600 jobs are waiting to be filled in production assembly. Entry level assembly positions are often the gateway into other job opportunities in a manufacturing organization. It can be your first step into a world of opportunity. Steady employment, advancement opportunities, benefits and salary advancement are only some of the benefits you can receive through a career in the manufacturing industry.
