FSA ID WORKSHEET

What's an FSA ID?
- The FSA ID is a username and password you use to log in to certain U.S. Department of Education websites, including fafsa.gov, StudentAid.gov, and StudentLoans.gov.
- The FSA ID is your legal signature and shouldn't be created or used by anyone other than you—not even your parent, your child, a school official, or a loan company representative.
- You'll use your FSA ID every year you fill out a Free Application for Federal Student Aid (FAFSA) form and for the lifetime of your federal student loans.

FSA ID Tips
- To make the process to complete your FAFSA easier and quicker, apply for your FSA ID before you begin your FAFSA.
- If you need to provide information about your parents on the FAFSA form, one of your parents will need a FSA ID.
- If a parent has more than one child attending college, the parent will use the same FSA ID to sign all applications, but each child must have his or her own.
- Each FSA ID user must have a unique mobile phone number and/or e-mail address. Do not use your high school email.
- You should create your own FSA ID and your parent should create his or her own FSA ID.
- When you first create your FSA ID, all you will be able to use your FSA ID for is to complete, sign, and submit an original (first time) FAFSA form.
- You'll have to wait one to three days for your information to be confirmed by the Social Security Administration (SSA) before you can use your FSA ID for other actions, such as submitting a Renewal FAFSA form or signing a Master Promissory Note.
- If you provided an email address, then you'll receive an email letting you know that your information was successfully matched with the SSA and you can use your FSA ID for all of its purposes.
- If you forget your FSA ID username and password, on the log-in page look for links, such as "Forgot My Username" and "Forgot My Password."

How do I get an FSA ID?
- Go to:https://studentaid.gov/fsa-id/create-account/launch to obtain a FSA ID. Questions, call 1-800-433-3243.
- Enter your log-in information.
- Provide a unique username and a password.
- Enter your personal and profile information.
- Provide your name, date of birth, and Social Security number (SSN).
- Provide your email address and mobile phone number.
- Select the box if you would like to register your mobile phone to receive one-time secure codes if you forget your username or password. (You will be required to either provide your email address or to provide your mobile phone number and opt-in to messaging before you can proceed.)
- An email address and mobile phone number cannot be used with more than one FSA ID. If you share an email address with someone else, then only one of you will be able to use that email address to create an FSA ID. This applies to your mobile phone number too.
- Enter your mailing address.
- Complete the challenge questions and answers to retrieve your FSA ID if you forget it.
- Confirm and verify your information.
- Agree to the terms and conditions.
- Verify your email address and/or mobile phone number. This verification allows you to retrieve your username or reset your password without answering your challenge questions. Also, you can use your mobile phone number or your email address as your username when logging in to ED online systems.
