values and
goals
with career choices for

your
you

Career Planning

Not sure about your future career options? Sign up for a career planning class. Together, we will explore your interests, abilities, values and job realities (employment outlook, salary, education, working conditions, etc.) to help you make good career decisions. Includes individual planning to map out your next step to meeting your career goals.

Aptitude Assessment

Unsure how your skill level compares with career interests? Find out which careers fit your current skill level. This class assesses your interest and aptitude. The results include a printout of matching career options you can explore.

One-on-One Career Consultation

After completing one of the Career Planning or Aptitude Assessment classes, you can meet with a Careers Instructor for additional personalized assistance. You may have unique circumstances or desire additional assessments before making a final career decision. Whatever your career needs may be, Careers Instructors are available to assist you.

Job Search

Entering the job market? Whether you need someone to assist you in preparing for an interview, review your résumé or you need to start from the ground up, we can help. Moraine Park students *and* alumni are encouraged to use the Career Center.

- Preparing and sending your cover letters and résumés.
- Identifying appropriate companies that match your goals.
- Developing your job search strategy.
- Preparing for your interview.
- Handling salary and benefits questions.
- Developing interview skills.

We'll help you every step of the way.

Register for TechConnect

TechConnect is the student employment information system that provides students and graduates with the latest job openings from employers who have contacted Moraine Park Technical College.

Contact the Employment Services Office 920-924-3205.

All services provided free of charge.
