Moraine Park accepting time capsule submissions
Moraine Park News Service

Be a part of Moraine Park Technical College's history! In order to commemorate the College's Centennial anniversary, Moraine Park will be filling and burying a time capsule for each campus. Moraine Park invites you to submit items for its 2012 time capsule and is looking for present-day artifacts that represent Moraine Park life and position in the communities it serves.

The three time capsules will be designed and constructed by Moraine Park Metal Fabrication and Building Trades Construction students, providing a unique learning experience for the students and original look to the time capsules.

All items must be submitted by May 1, 2012. For submission guidelines and details, visit [morainepark.edu/100 years](http://morainepark.edu/100%20years) and click on the "Time Capsule Form" icon.

Moraine Park was established in 1912 and is one of 16 technical college districts that make up the Wisconsin Technical College System. With campuses in Beaver Dam, Fond du Lac and West Bend, Moraine Park offers more than 100 associate of applied science degrees, technical diplomas, apprenticeships and certificates delivered in a variety of formats — classroom, online and blended. Training and technical assistance for businesses is also offered.
