Congratulations, you are registered for classes! Now what?

- **Read your schedule.**
  - Review course dates, times, locations and delivery method (online, blended, in person or IVC).
  - Your schedule can be viewed on myMPTC under the student tab in “Student Tools”.
  - Verify course start dates. Make sure you know when your classes begin.

- **Payments** for tuition are due by the date listed on your Student Bill. You can also find due dates for every semester on myMPTC under “Student News”, then click “Important Student Dates”.
  - If you have Financial Aid or Third Party Funding, it needs to be completed and applied to your account prior to the due date.
  - Go online to pay in full or setup payment plan. These options are found on the student tab, under student tools. Click on “Manage my Account”.

- **If you are new to MPTC**, you will need to set up your e-mail and myMPTC account. Returning students should verify they have access.
  - Instructions for account setup are available at morainepark.edu. Click myMPTC to get to the login page, and then click “Open Your Account”.
  - Remember: the myMPTC student tab is where you will find your self-service schedule, financial aid information, alerts about important dates and other critical instructions. Be sure to check this and your student e-mail frequently.

- **If you have any online classes**, check your student e-mail for access instructions. We also offer orientations for first-time online course takers.

- **Do you need to get your books?** Find information about the campus bookstore on the services tab on myMPTC. Your books should be purchased before your first day of class.

- **If you need to add or drop any classes**, you may use the online add/drop option or you can call or stop at Student Services.
  - However, if you have Financial Aid, please check with the Financial Aid office first. Changes to your enrollment may impact your aid.

- **Student Services** can be reached at 1-800-472-4554.

And remember, if you have any questions...
Looking for more information?

Check out myMPTC! Once you set up your account, you will have access to many important student resources. This is where you’ll find your student email, payment plans, important dates, common forms, and so much more!
