

CDL LEARNERS PERMIT EXAM PREP

The demand for truck drivers is increasing. Driving a school bus, passenger vehicle, dump truck, freight carrying truck, or being licensed to tow a double or triple trailer could be yours, but you must first pass the Commercial Driver's License (CDL) knowledge exam and obtain your CDL Commercial Learners Permit (CLP). Whether you want to drive statewide, regionally, across the country or stay close to home, passing the CDL knowledge exam is the first step to a new career.

If you have a valid Wisconsin Driver's License and an acceptable driving record, Moraine Park Technical College can help you take that first step towards a career driving. Our 15 hour classroom course, will introduce you to the trucking industry, familiarize you with the different written exams, background and medical information and prepare you to pass the CDL knowledge exam required whether you plan to apply for a CLASS A, B or C license.

Once you pass the CDL knowledge exam you will be issued a Commercial Learners Permit. You may operate a commercial motor vehicle as indicated on your permit with another person licensed to drive the same type of vehicle.
