

# 2014-2017 NATIONAL ELECTRICAL CODE UPDATES

## including SPS 316 changes

Each course provides the student with 8 hours of instruction related to change, additions, deletions in the current National Electrical Code. Instruction focuses on Chapters 1-9 of the NEC and SPS 316. Emphasizes code application as it relates to electrical residential, commercial, and industrial installations to determine compliance with the state and national electrical code. Each topic is presented in a PowerPoint format followed by discussion and questions related to code. Students should bring a copy of the most recent National Electrical Code book. Students will receive an updated copy of SPS 316.

Take all of the classes and you will complete the requirement of 24 hours of Continuing Education Units required by the Wisconsin Department of Safety and Professional Services for:

Master Electrician  
Registered Electrician  
Residential Master Electrician  
Commercial Electrical Inspector

Journeyman Electrician  
Industrial Journeyman Electrician  
Residential Journeyman Electrician  
UDC Electrical Inspector
