

Overview:

Do you want to move into the industrial maintenance field?

This boot camp will give you the training you need! Moraine Park Technical College is combating the skilled worker shortage by launching manufacturing skills academies short-term boot camps. The Industrial Maintenance boot camp is open to anyone interested in a career pathway into the industrial maintenance profession. This boot camp is intended for individuals who have general manufacturing experience and are looking for industrial maintenance training to pursue an apprenticeship or to move into the industrial maintenance field.

Skills developed will provide experience in:

- Use of systems-thinking to effectively problem solve.
- Operating and maintaining electromechanical and automated equipment.
- Installing and working with programmable logic controllers.
- Identifying and troubleshooting systems.

Attend a FREE information session. Visit us online to register for one of the upcoming boot camp information sessions at: morainepark.edu/bootcamp.

Individuals interested in participating are required to attend an information and testing session. Registration is required 24 hours prior to the information and testing session. The sessions will be held on Moraine Park Technical College's Fond du Lac Campus. The session will include program requirements, TABE Test, career opportunities, and lab tour. Allow up to 2 hours.

Courses and academic credits:

• Industrial Maintenance Safety	1
• Basic Blueprint/Schematic Reading	1
• Introduction to Power Transmission Systems	1
• Introduction to Industrial Controls	1
• Basic Hydraulics and Pneumatics	1
• Programmable Controllers 1	1
• Occupational Math 1	2
• Team Building and Problem Solving	3
TOTAL	11

This tuition-based program is open to anyone with an interest in manufacturing careers.

- Classes meet one day per week
- Eight hours a day
- All classes held at Moraine Park – Fond du Lac

Boot Camp Criteria: Strong math and reading scores are required to be accepted into the boot camp. Upon acceptance, students will attend classes one day per week. Classes will be held at Moraine Park Technical College's Fond du Lac Campus (235 N. National Avenue, Fond du Lac) in Room E-154/155.

Fees: \$1647.50 includes tuition, one-time \$30 admission fee and all materials. Course fees will be payable at the beginning of each semester.

Job Opportunities:

The skilled employee shortage is a major problem for industrial manufacturing. According to the Bureau of Labor Statistics (BLS), Employment of industrial machinery mechanics is projected to grow 18 percent from 2014 to 2024, much faster than the average for all occupations. The increased adoption of sophisticated manufacturing machinery will require more mechanics to keep machines in good working order and their skills updated.
