

PRE-HEALTH ACADEMY

The purpose of the Academy is to get students ready to enter a Health Program after graduation and prepared to complete their program in 2 years.

COURSES INVOLVED IN THE PRE-HEALTH ACADEMY

NEEDED COURSES

- College Math
- Medical Terminology
- English Composition 1
- Digital Literacy for Healthcare
- General Anatomy & Physiology

Customize the courses to fit your student needs: use a combination of Dual Credit, Start College Now and/or 38.14 contracts to help your students complete the Pre-Health Academy and prepare for career success by graduation.

SEQUENCING OF COURSES

9th/10th

- Medical Terminology
- Digital Literacy for Healthcare

11th/12th

- College Math
- English Composition 1
- General Anatomy & Physiology

If a course is taken with Start College Now, it must be taken during the Junior or Senior year. Note if a student would want to petition for a Health Career Program straight out of high school, they would need to have the following courses listed for 11th/12th grade completed by the end of the first semester of their 12th grade year.

MORAINÉ PARK
TECHNICAL COLLEGE
