This Contractor is not designating any information as proprietary and confidential which qualifies as trade secret.

**Prices always become public information when proposals are opened, and therefore cannot be designated as confidential.**

Other information cannot be kept confidential unless it is a trade secret. Trade secret is defined in Sect. 134(80)(1)(c) Wis. State Statutes, as follows: "Trade secret" means information, including a formula, pattern, compilation, program, device, method technique or process to which all of the following apply:

1. The information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use.
2. The information is the subject of efforts to maintain its secrecy that are reasonable under the circumstances.

**In the event the Designation of Confidentiality of this information is challenged, the undersigned hereby agrees to provide legal counsel or other necessary assistance to defend the Designation of Confidentiality.**

Failure to include this form in the proposal response may mean that all information provided as part of the proposal response will be open to examination or copying. The College considers other markings of confidential in the proposal document to be insufficient. The undersigned agree to hold the College harmless for any damages arising out of the release of any material unless they are specifically identified above.
