UNLOCK COLLEGE AND CAREER SUCCESS IN HIGH SCHOOL

Dual Enrollment lets you boost your resume and knock out college classes early, and you can also work toward a certification through a Career Academy, saving you money on tuition and giving you a head start on your dream job and degree. Dual Enrollment isn't just smart—it's powerful. Ready to take your future to the next level? Here are the next steps.

DUAL ENROLLMENT OPTIONS

There are two primary ways to earn dual enrollment credits:

DUAL CREDIT START COLLEGE NOW

Dual Enrollment course credits can be applied to a wide range of Career Academies, including Entrepreneurship, Pre-Health, Manufacturing and more. Individual courses with a self-pay option are available if Dual Enrollment courses aren't offered at local high schools.

OPTION 1: DUAL CREDIT COURSES

9th through 12th grade high school students take classes at their high school during the school day and earn college credits from high school teachers who are certified to teach college-level courses. Common course areas include:

Business

- Accounting 1
- Introduction to Business
- Computer Lit-Microsoft Office

Digital Arts

- Beginning Photoshop
- Introduction to Graphic Design

Engineering and Manufacturing

- Manufacturing Processes
- CAD 3-D Solidworks
- GMAW1

General Education

- College 101
- English Composition 1
- College Algebra with Applications

Health and Human Services

- Medical Terminology
- ECE – Health, Safety and Nutrition

Information Technology

- IT Fundamentals 1
- Web Coding Technologies

Trades

- Auto Service Fundamentals
- Culinary Principles

OPTION 2: START COLLEGE NOW COURSES

High school students take classes in person at one of four Moraine Park locations or online, taught by Moraine Park faculty. Common courses* include:

Business

- Accounting 2
- Business Law
- Entrepreneurship

Digital Arts

- Design Fundamentals
- Graphics for the Web
- Marketing Digital Design

Engineering and Manufacturing

- Intro to Robotic Welding
- Manufacturing Processes
- CAD 3-D SolidWorks

General Education

- English Composition 1
- General Anatomy and Physiology
- Intro to Psychology

Health

- EMT
- Nursing Assistant
- Phlebotomy

Information Technology

- IT Fundamentals 2
- Intro to Programming
- Web Coding Technologies

**All undergraduate courses are available to students through the Start College Now program when prerequisites such as ACT scores and/or required courses and program admission requirements are met by the student.*

The school district will pay 100 percent of the tuition, fees, required textbooks and course materials for approved courses. Course approval is at the discretion of the school board.

Application deadlines:

FALL SEMESTER:
MARCH 1

SPRING SEMESTER:
OCTOBER 1

HIGH SCHOOL CAREER ACADEMIES

Each Career Academy is a set of courses focused on a specific career area, such as Business, IT, Health Care or Manufacturing.

Complete all required courses within a Career Academy to earn the corresponding Moraine Park certificate or technical diploma.

ACADEMIES

Emergency Medical Technician Academy

Prepares students to handle emergencies—from car accidents to heart attacks—and safely transport patients to medical care. National EMT licensure can be obtained through this opportunity.

Entrepreneur Academy

Build skills to think like a business owner—and prepare for a future in business development, planning, customer service, financial management and more.

Fire Protection Technician Academy

Discover the basics of fire protection—and obtain the Firefighter 1 Certification through this hands-on experience.

Office Software Specialist Academy

Build business-focused skills—with an emphasis on software applications and end-user support functions.

Payroll Assistant Academy

Enhance business and accounting skills by mastering wage calculations, net pay, learning applicable state and federal rules and laws and more.

Pre-Health Academy

Jumpstart a health care career with foundational courses that build essential skills and knowledge. Certified Nursing Assistant (CNA) certification can be obtained through this opportunity.

Phlebotomist/Specimen Processor Academy

Learn how to collect samples for lab testing, diagnosis, blood donation and more—all essential parts of accurate medical care.

Robotics, Engineering and Manufacturing (REM) – Manufacturing Fundamentals Academy

Learn and apply basic engineering principles and technical skills to identify and resolve manufacturing challenges.

Robotics, Engineering and Manufacturing (REM) – Automated Manufacturing Technician Academy

Learn and apply basic engineering principles and technical skills to identify and resolve manufacturing production issues.

Tax Preparer Assistant Academy

Expand accounting expertise by learning to prepare income taxes and interpret IRS regulations.
