

LOOKING FOR CREATIVE
Juniors and Seniors!

Nail Technician

Training Through Moraine Park's High School Career Academies

Attention high school juniors and seniors! You can begin a rewarding career in the growing nail service industry. Nail technicians use creativity and attention to detail to provide professional hand and foot care while working closely with clients.

Earn three college credits that apply toward the nine credit Nail Technician Technical diploma. Spring tuition and fees may be paid for by the high school.

Complete your Nail Technician Technical diploma by taking two courses in summer 2027. Graduates are prepared to take the Wisconsin NIC Manicurist Licensing Exam and begin working as a nail technician.
