

MORaine PARK
TECHNICAL COLLEGE

DISCOVER
YOUR DEFINING
MOMENT

TECH IS SURPRISING

You'll feel right at home.

At Moraine Park Technical College, we're redefining what technical education looks like. With locations in Beaver Dam, Fond du Lac, Horicon and West Bend, Moraine Park serves more than 15,000 students each year from all walks of life, each with unique educational goals and career pathways in mind.

As a leader in Wisconsin's higher education landscape, we're changing perceptions—showing that technical education is not just practical, but powerful. It's a pathway to meaningful careers, continued education and long-term success.

With a legacy of more than 100 years, Moraine Park proves that Tech is Timeless—and the future is full of possibilities.

15,000+
students served annually

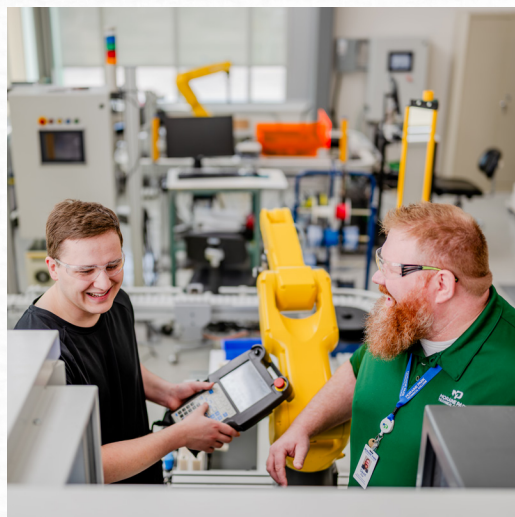

100+
associate degrees, technical diplomas, apprenticeships, certificates and customized training opportunities

Moraine Park Technical College offers five academic pathways:

- Education and Training
- Finance
- General and Individualized Studies
- Health Sciences
- Hospitality and Tourism
- Human Services
- Information Technology
- Law, Public Safety and Security
- Manufacturing
- Marketing, Sales and Service
- Science, Technology, Engineering and Mathematics
- Transportation, Distribution and Logistics

TECH IS LOCAL

State-of-the-art locations, close to home.

Wherever you are, Moraine Park is within reach, offering modern facilities, hands-on learning environments and knowledgeable instructors right in your community.

Beaver Dam

700 Gould St. Beaver Dam, WI 53916

Horicon

1210 Wrucke St. Horicon, WI 53032

Fond du Lac

235 N National Ave. Fond du Lac, WI 54936

West Bend

2151 N Main St. West Bend, WI 53090

TECH IS A SMART INVESTMENT

Where excellence meets affordability.

Moraine Park's tuition averages

~\$5,000

per year depending on chosen program/degree

45-60%

lower than UW system public four-year institutions

90%

lower than other four-year institutions (including private)

Moraine Park offers high-quality, career-focused programs that allow students to enter the workforce quickly or continue their education, all at a significantly lower cost than a traditional four-year college. This investment leads to strong earning potential in high-demand fields, helping students build meaningful, well-paying careers without long-term debt.

Financial Aid

Financial aid and scholarships are valuable resources that can help make college more affordable through federal, state and institutional support, including grants, loans, work-study and merit-based awards. We encourage all students pursuing a technical diploma or associate degree to complete the Federal Application for Federal Student Aid (FAFSA) and explore scholarship opportunities early to ensure funding is in place by payment deadlines.

studentaid.gov

Moraine Park Foundation Scholarships

Moraine Park Foundation internal scholarships are possible because of generous gifts from alumni, Moraine Park employees, businesses, service clubs and friends of the College who believe in higher education and making Moraine Park affordable to students. The Foundation provides students more than \$200,000 annually, with awards ranging from \$250 to \$4,500.

TECH IS A FASTER PATH FORWARD

It doesn't start in four years. It starts now.

At Moraine Park, we know time matters. That's why we offer flexible ways to earn credit through dual enrollment, prior learning and transfer pathways—helping you build credentials early and move efficiently toward advanced degrees and in-demand careers.

TAKE YOUR CREDITS BEYOND MPTC

Each year, Moraine Park associate degree graduates continue their education at four-year colleges and universities. With transfer agreements and partnerships at more than 25 institutions, students can seamlessly transition to earn a bachelor's degree—and beyond.

Moraine Park has developed more than 100 pathways, giving district students more options and control when it comes to their education and making the future transfer process easier and more streamlined.

Students who choose to pursue an associate degree at Moraine Park as the first step of their education will save thousands annually compared to a private or public four year college.

Dual Enrollment

Dual Enrollment allows high school students an opportunity to jumpstart their college career with Moraine Park, making the path not only more affordable but faster!

Dual Credit Courses

Dual Credit Courses are college-level classes taught at the high school, allowing students to earn both high school and college credit.

Start College Now

Start College Now allows public high school students to take college courses at Moraine Park, taught by Moraine Park instructors, and earn college credit before graduation. Approved course tuition, fees and materials are funded by the high school.

Career Academies

High School Career Academies are structured sets of college-level courses focused on a specific career pathway. By completing all required courses in an academy, students can earn a Moraine Park certificate or technical diploma while still in high school.

Concurrent High School Admission

Concurrent High School Admissions is designed for high school seniors who are ready to begin their college degree. Students must be in grade 12 and committed to a minimum of six credits each semester, including Dual Enrollment credit, Start College Now and/or self-paid courses.

TECH IS FLEXIBLE

An education built for the real world.

At Moraine Park, your unique life experiences may count toward college credit, including:

Transfer Credits

Bring credits earned at another college or university to Moraine Park.

Work and Life Experience

Earn college credit for knowledge and skills gained through previous experiences.

Advanced Standing Certifications

Receive college credit for eligible industry-issued certifications and licenses.

Military Service

College credit may be available for military training and experience related to your program.

High School Credits

Credits earned through dual enrollment programs while in high school may apply toward your degree at Moraine Park.

Credit by Exam

Earn college credit by demonstrating your knowledge through approved challenge exams.

TURNING PASSION INTO A REWARDING CAREER

Brinley Gigante is turning her lifelong interest in health care into a rewarding career through Moraine Park Technical College's Medical Laboratory Technician (MLT) program.

Before graduating from Beaver Dam High School in 2025, Gigante began her journey into health care by taking several Moraine Park dual credit courses including College 101, Computer Literacy, College Math, Principles of Sustainability, Nursing Assistant and Anatomy & Physiology.

"I've been interested in health care since childhood," Gigante said. "I always wanted to be a doctor or nurse. I'm naturally empathetic and caring and even received school awards for empathy. I also developed a love for science, which made health care feel like a perfect fit."

Her interest in the MLT program began after attending Moraine Park's Health and Human Services Career Experience Event at the Horicon Regional Center, where she met MLT Instructor Dwane Klosterman and Moraine Park recruiter Grace Loomans.

"Dwane shared that Medical Lab Technicians help diagnose about 75 percent of what's wrong with patients—and they're often the first to know," Gigante said. "That fascinated me. It's a unique opportunity in health care that doesn't involve being a doctor or nurse."

Now enrolled in the program, Gigante has enjoyed the hands-on learning in Basic Lab Skills and Phlebotomy classes, recently earning her phlebotomy certification and lining up interviews.

Beyond the classroom, Gigante serves on Student Senate and will soon represent Moraine Park at the Association for the Promotion of Campus Activities (APCA) Leadership Conference in Chicago.

"I really enjoy working with the MLT faculty, Trevor and Kailee," she said. "They're so welcoming to new students and make me excited to come to class every day."
